- c) The remote e-Voting period commences on Friday, September 26, 2025 at 9.00 a.m. (IST) and ends on Sunday, September 28, 2025 at 5.00 p.m. (IST). The remote e-Voting module shall be disabled by CDSL for voting thereafter. Once the vote on a resolution is cast by the Member, the Member shall not be allowed to change it subsequently. The voting rights of the Members shall be in proportion to their share of the paid-up equity share capital of the Company as on the cut-off date i.e. Monday, September 22, 2025.
- d) Members will be provided with the facility for voting through electronic voting system during the VC proceedings at the AGM and Members participating at the AGM, who could not cast their vote by remote e-Voting. They will be eligible to exercise their right to vote at the end of discussion on the resolutions on which voting is to be held, upon announcement by the Chairman. Members who have cast their vote on resolution(s) by remote e-Voting prior to the AGM will also be eligible to participate at the AGM through VC/ OAVM but shall not be entitled to cast their vote on such resolution(s) again. The e-Voting module on the day of the AGM shall be disabled by CDSL for voting 15 minutes after the conclusion of the Meeting. The Members who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- e) Pursuant to SEBI Circular No. SEBI/HO/FD/ CMD/CIR/P/2020/242 dated December 9, 2020, under regulation 44 of the Listing Regulations; listed companies are required to provide remote e-voting facility to its shareholders in respect of all shareholders resolutions. However, it has been observed that the participation by the public non-institutional members / retail members is at a negligible level. Currently there are multiple e-voting service providers ("ESPs") providing e-voting facility to listed companies in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the members. In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders by way of a single login credential, through their demat accounts / websites of Depositories / Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication, but also enhancing ease and convenience of participating in e-voting process.
- f) In view of the aforesaid SEBI Circular dated December 9, 2020, individual members holding shares in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Members are advised to update their mobile number and email ID in their demat accounts in order to access e-voting facility.
- g) **THE INTRUCTIONS FOR SHAREHOLDERS FOR REMOTE E-VOTING AND JOINING VIRTUAL GENERAL MEETING ARE AS UNDER:**

Tandon and Associates, Chartered Accountants, who were appointed as Internal Auditors by the Board in terms of Section 138 of the Companies Act, 2013 and rules made thereunder. The Internal Auditors monitors and evaluates adequacy of internal control system in the Company, its compliance with operating systems, accounting procedures and policies of the Company. Significant audit observations are addressed to the Audit Committee and the Committee thereafter reviews the adequacy and effectiveness of the internal control systems and suggests various measures to improve and strengthen the same.

23. CORPORATE GOVERNANCE

The Company is committed to follow the best Corporate Governance practices, including the requirements under the SEBI Listing Regulations and the Board is responsible to ensure the same from time to time. The Company has duly complied with the Corporate Governance requirements. Further a separate section on Corporate Governance in compliance with the provisions of Regulation 34 of the Listing Regulations read with Schedule V of the said regulations alongwith a Certificate from a Practicing Company Secretary confirming that the Company is and has been compliant with the conditions stipulated under SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015 forms part of the Annual Report.

24. AUDITORS

Statutory Auditors & Auditor's Report

The Members of the company in the 14th Annual General Meeting (AGM) held on September 28, 2022 has appointed M/s Deloitte Haskins & Sells, Chartered Accountants (Firm Registration No. 015125N) as Statutory Auditors for a period of 5 years, i.e. to hold office from the conclusion of the 14th AGM of the company till the conclusion of the 19th AGM of the company.

During the year under review, there were no frauds reported by Auditors under Section 143 (12) of Companies Act, 2013. The Auditor's Report on the Annual Accounts of the Company for the year under review is self-explanatory and requires no comments. Further, there are no qualifications in the report that calls for Board's explanation.

Cost Auditor

In terms of the Companies (Cost Records and Audit) Amendment Rules, 2014, the Company is not covered under the purview of Cost Audit.

Secretarial Auditor

In terms of Section 204 of the Companies Act, 2013 and and other applicable provisions, if any, of the Companies Act, 2013, read with Rule 9 of the Companies (Appointment & Remuneration of Managerial Personnel) Rules, 2014, and Regulation 24A of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, on the recommendation of the Audit Committee and subject to the approval of members in the ensuing Annual General Meeting, the Board has appointed M/s. P.S. Dua & Associates, Company Secretaries (CP No. 3934), as Secretarial Auditor of the Company for a period of five (5) consecutive years, commencing from Financial year 2025-26 to Financial Year 2029-30, to conduct a Secretarial Audit of the Company and to furnish the Secretarial Audit Report.

There has been no qualification, reservation, adverse remark or disclaimer given by the Secretarial Auditor in his Report for the year under review reported except that the appointment of Dr. Prem Lata Singla as Woman Independent Director on August 30, 2024, was made after the completion of Dr. Manisha Gupta's term on June 26, 2024, for which the Stock Exchange levied a penalty that has been duly paid. Further, while the voting results of the 16th AGM in PDF format were submitted within the prescribed timelines, the filing in XBRL format with BSE Limited was made after two working days.

The Board comments that the delay in appointment of the Woman Independent Director arose during a transitional phase in the Board's composition and has since been regularised with the appointment of Dr. Prem Lata Singla, along with payment of the penalty. The XBRL filing of the 16th AGM voting results with BSE was made after two working days due to an inadvertent procedural lapse, despite timely submission in PDF format. The Company has since strengthened its processes to ensure timely compliance in future. The Secretarial Audit Report is annexed as **Annexure-D** to this Report.

Based on audit, our responsibility is to express an opinion on the compliance with the applicable laws and maintenance of records by the Company. We conducted our audit in accordance with the auditing standards CSAS 1 to CSAS 4 ("CSAS") prescribed by the Institute of Company Secretaries of India ("ICSI"). These standards require that the auditor complies with statutory and regulatory requirements and plans and performs the audit to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

Due to the inherent limitations of an audit including internal, financial and operating controls, there is an unavoidable risk that some misstatements or material non-compliances may not be detected, even though the audit is properly planned and performed in accordance with the CSAS. Our Report of even date is to be read along with this letter.

1. Maintenance of secretarial record is the responsibility of the management of the Company. Our responsibility is to express an opinion on these secretarial records based on our audit.
2. We have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. We believe that the processes and practices, we followed provide a reasonable basis for our opinion.
3. We have not verified the correctness and appropriateness of financial records and books of accounts of the Company.
4. Wherever required, we have obtained and relied on the management representation about the compliance of laws, rules and regulations and happening of events etc.
5. The compliance of the provisions of corporate and other applicable laws, rules, regulations, standards is the responsibility of management. Our examination was limited to the verification of procedure on test basis.
6. The Secretarial Audit Report is neither an assurance as to the future viability of the Company nor of the efficacy or effectiveness with which the management has conducted the affairs of the Company.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

GLOBAL ECONOMY OUTLOOK:

The global economy continues to demonstrate resilience amidst evolving challenges, supported by strong macroeconomic fundamentals in both advanced and emerging markets, and steady consumer and government spending. However, the landscape is marked by significant disparities and persistent headwinds.

Global inflation, though still above central bank targets, is showing a downward trend at varying speeds. The IMF projects a decrease in global headline inflation to 4.3% in 2025 and further to 3.6% in 2026, a decline attributed to easing supply-side constraints, cooling commodity prices, and persistent monetary tightening by central banks worldwide. Notably, inflation in Asia has risen more moderately than in Western economies and is now decelerating more rapidly, prompting regional central banks to adopt more measured adjustments in interest rates, which could lead to less aggressive monetary policy responses across many Asian economies.

During 2025, global trade tensions escalated significantly due to a growing tariff war, primarily between the U.S. and China, impacting various sectors by disrupting global supply chains and reducing cross-border investment, which in turn led to increased production costs and reduced efficiency, prompting companies to actively re-evaluate their supply chain strategies to mitigate these accumulating risks.

Despite prevailing disruptions, the IMF anticipates global economic growth at 2.8% in 2025 and a modest improvement to 3.0% in 2026, both below the pre-pandemic historical average of 3.7%. This subdued outlook reflects the cumulative impact of trade protectionism, elevated financing costs, and ongoing geopolitical tensions. Nevertheless, the underlying resilience of major economies supported by adaptive supply chain strategies and structural reforms continues to offer a measure of stability. Going forward, the persistence of high interest rates, demographic and productivity headwinds, and fragile geopolitical conditions will likely constrain near-term growth potential. To mitigate these risks and support a broad-based recovery, the IMF emphasizes the need for coordinated fiscal and monetary policies, enhanced multilateral cooperation, and targeted reforms aimed at boosting investment and productivity across regions.

INDIAN ECONOMY OUTLOOK:-

India's economy demonstrated significant resilience in FY2024-25, navigating global headwinds and domestic policy shifts with steady momentum, as evidenced by a steady GDP growth for the full fiscal year. While external challenges such as evolving global trade dynamics and geopolitical tensions have posed uncertainties, robust domestic demand and proactive fiscal and monetary policy interventions have continued to support economic growth.

India's real Gross Domestic Product (GDP) is projected to grow by 6.5% in FY2025–26, as reaffirmed by the Reserve Bank of India (RBI) in its June 2025 Monetary Policy Statement. Key growth drivers include strong household consumption, the expanding manufacturing sector benefiting from Production Linked Incentive (PLI) schemes, increased infrastructure investments, and a rapidly digitizing services sector. The government's sustained focus on capital expenditure, rural development, and support for MSMEs further bolsters this economic momentum.

Inflationary trends have shown clear signs of easing in recent months, with headline CPI inflation moderating to a nearly six-year low of 3.2% in April 2025. This moderation prompted the Reserve Bank of India (RBI) to adopt a more accommodating monetary stance, notably lowering the policy repo rate by 50 basis points to 5.50% on June 6, 2025, and shifting its monetary policy stance to "neutral." These actions, along with the RBI's downward revision of its CPI inflation forecast for FY2025-26 to 3.7%, indicate a supportive environment for economic growth.

The Union Budget for 2025 significantly strengthened the country's growth agenda through comprehensive structural reforms and targeted fiscal support. Key initiatives include a simplified income tax system, which now eliminates tax liability for individuals earning up to ₹12 lakh under the new regime. Additionally, the budget announced increased investments in infrastructure, logistics, and innovation, alongside a substantial ₹20,000 crore fund to promote private sector-led research, and improved credit support for agriculture, clean energy, and micro, small, and medium enterprises. These measures are expected to boost productivity, create jobs, and

enhance resilience in rural areas and various sectors, positioning India to maintain its robust growth trajectory, supported by favorable demographics, increasing investor confidence, and the ongoing formalization of the economy.

GLOBAL TEXTILE & APPAREL INDUSTRY

The global textile and apparel industry is poised for sustained growth, driven by evolving consumer preferences, increasing demand for sustainable and technical textiles, and the expansion of e-commerce. The global textile market, valued at USD 1.98 trillion in 2024, is projected to reach USD 4.02 trillion by 2034, at a CAGR of 7.35%. The global apparel market is expected to grow at 8% CAGR to USD 2.37 trillion by 2030, while global textile and apparel trade is anticipated to expand at 4% annually, reaching USD 1.2 trillion by 2030.

The Asia-Pacific region continues to lead the global market, with an estimated size of USD 1.07 trillion in 2024, projected to grow to USD 2.19 trillion by 2034 at a CAGR of 7.45%. Growth is underpinned by rising disposable incomes, urbanization, and an expanding middle class, fueling higher spending on fashion, apparel, and home furnishings.

The global textile market's growth is primarily driven by evolving consumer preferences for sustainable, functional, organic, and eco-friendly fabrics, alongside the transformative impact of e-commerce in expanding market reach. This is further supported by continuous innovation in materials like recycled polyester and organic cotton, as well as advancements in digital printing and 3D knitting, all of which enhance production efficiency and design flexibility, complemented by increased automation in manufacturing leading to improved efficiency and reduced costs. Despite these positive trends, the industry faces challenges from ongoing geopolitical tensions and volatile raw material prices, which can disrupt supply chains and impact profitability; nevertheless, the increasing demand for high-quality, sustainable, and technologically advanced textile products, combined with strategic investments in innovation and manufacturing, positions the global textile market for continued expansion.

THE INDIAN TEXTILE AND FASHION APPAREL INDUSTRY

The Indian textiles and apparel industry is poised for strong growth, likely to register a healthy CAGR and achieve a market value of USD 350 billion by 2030. The textile sector's contribution to India's GDP remained steady at approximately 2.3%. The sector continues to be a significant employment generator, providing direct employment to over 45 million people.

To support this growth trajectory, the Indian government has significantly increased its budgetary allocation for the textile sector, projecting an outlay of ₹1,14,800 crore for FY26, more than doubling the previous year's allocation. This investment underscores a robust policy-driven approach aimed at enhancing manufacturing capabilities, boosting exports, and generating employment.

Additionally, the implementation of the Mega Integrated Textile Region and Apparel (MITRA) Parks scheme is expected to provide world-class infrastructure, attract investments, and create a competitive textile ecosystem.

Looking ahead, the anticipated India-UK Free Trade Agreement (FTA), expected to come into effect in 2026, is projected to provide a substantial boost to India's textile exports to the UK. This agreement has the potential to double trade volumes within five to six years, opening new avenues for market access and further solidifying India's position in the global textile landscape. This strategic trade pact, combined with domestic policy support and inherent sector strengths, positions the Indian textile and apparel industry for sustained expansion.

Growth Drivers:

- 1) Rising disposable incomes, increasing urbanization, and the expansion of the middle class are fueling domestic demand for branded and fashionable apparel.
- 2) India is the 6th largest exporter of textiles and apparel; export competitiveness is improving due to schemes like PLI, RoSCTL, and FTAs with the EU, UK, and UAE.
- 3) A strong raw material base (cotton, jute, silk) and government support through Make in India, PM MITRA Parks, and the National Technical Textiles Mission are aiding sectoral growth.

- 4) Rising e-commerce penetration via platforms like Myntra and Flipkart is expanding market access, especially in Tier 2 and 3 cities. The shift to man-made fibres (MMF) is backed by government incentives; companies like Monte Carlo are also expanding to South and West India.
- 5) Growing demand for sustainable and technical textiles is encouraging investment in R&D and green technologies. India also benefits from a large skilled workforce and low labour costs.

Risks:

1. The Indian textile industry suffers from fragmentation and low-skilled labour, limiting productivity despite strong growth and job creation potential.
2. Increasing scrutiny over carbon footprint, water usage, and labour practices may raise compliance costs and affect global orders.
3. Prices of key inputs like cotton and synthetic fibres are highly volatile and influenced by weather, global demand, and policy changes, impacting margins.
4. Countries like Bangladesh, Vietnam, and China offer competitive pricing and better infrastructure, which can erode India's market share.
5. The Indian textile industry lags in technology adoption and R&D, with benefits concentrated in spinning, while fragmentation and lack of scale hinder effective FDI utilization.
6. Global trade policy shifts and geopolitical tensions may disrupt supply chains, increase tariffs, and dampen export demand.

THE MONTE CARLO ADVANTAGE

- **Marketing Initiatives**

Monte Carlo has adopted a range of strategic marketing efforts to boost its brand visibility and reach. The company has formed alliances with airlines and multiplex chains like PVR Cinemas, Carnival Cinemas, INOX, Indigo, Vistara, AirAsia, among others. Additionally, it has partnered with the film and entertainment industry as a clothing sponsor for movies and reality shows. The brand's digital presence is extended through platforms like AajTak, Times Now, ABP News, India TV, India Today, TATA Sky, Airtel Digital TV, and more. To engage with younger audiences, Monte Carlo consistently collaborates with bloggers and influencers on social media. The decision to handle marketing in-house has provided the company with better control, flexibility, and cost effectiveness, enabling them to execute more targeted and responsive campaigns. These initiatives highlight Monte Carlo's dedication to growing its customer base and solidifying its reputation as a top fashion and lifestyle brand.

- **Distribution Centres**

A major strength of the company lies in its extensive and expanding distribution network that is spread across India. The company has a presence in approximately 1,949 Multi-Brand Outlets (MBOs), 471+ Exclusive Brand Outlets (EBOs), and over 1,468 +NCS & SIS model outlets. In the 2025 financial year, Monte Carlo opened a total of 65 exclusive brand outlets, surpassing its target for the year of 50. Presence across NCS's include likes of Shoppers Stop, Pantaloons, Trends, Lifestyle, Globus and many more.

- **Online Presence**

Recognizing the shift of younger consumers towards online shopping, Monte Carlo has emphasized selling through its own e-commerce platforms, including Monte Carlo and Rock It. Additionally, the brand's products are widely available on major online marketplaces like Amazon, Flipkart, Myntra, Jabong, and Kapsons. There is also notable demand for its products in international online markets. The company has observed promising growth through its digital channels, with sales from its own website reaching INR 151.4 million, representing approximately 9.66% of total revenue.

- **Technology Upgradation**

In order to stay up to date with technological advancements and modernize its operations, the company has introduced an advanced automatic whole-garment manufacturing facility at its existing unit in Ludhiana. This state of the art technology allows for the seamless knitting of entire garments, providing a level of comfort and fit that surpasses traditional knitwear. By utilizing this technology, the company eliminates the need for multiple manufacturing processes, resulting in reduced waste and improved efficiency. Currently, the company has a team of 26+ professionals dedicated to closely monitoring global fashion trends.

OPPORTUNITIES

- **Increasing brand awareness and scaling-up potential**

With the increasing frequency of purchases, particularly in the fast fashion realm, there is a growing sense of fashion and brand consciousness among consumers, rendering them more aspirational and discerning. We prioritize creating products that align with evolving trends to foster brand loyalty and connect with consumers. By expanding product offerings that resonates with the price sensitive Indian consumer, Monte Carlo aims to capture a larger market share and establish a strong presence in the value fashion segment. This initiative aligns with the company's objective of meeting the evolving needs and preferences of customers while further expanding their brand's reach and scaling up potential in the Indian fashion industry.

- **Diversification across various Product Categories**

Monte Carlo Fashions has successfully diversified its product portfolio to include Cottons, Woollens, Kids, and Home Furnishing categories. Their offerings encompass both woollen and cotton/cotton blended apparel, available at various price points, allowing them to serve the economy, mid-premium, and premium market segments effectively.

- **Changing consumer preferences**

With ever changing consumer needs and demands, today consumers are looking for a complete package with good quality product and design. Additionally, with rising income and urbanization, increases consumer's purchasing power where lies the huge growth potential for comprehensive range that Monte Carlo offers to its diversified audience, spanning different age groups and segments.

- **Strong Policy Support**

Monte Carlo Fashions Limited is well-positioned to leverage the emerging opportunities as India aims to strengthen its global presence in the textile market. India is targeting an expansion of its presence in the global textile market, and the Indian government is set to propel the apparel and textile industry forward in the coming years through various initiatives such as:-

- Foreign Trade Agreements (FTAs):** To boost the country's exports, the Indian government is actively negotiating bilateral trade agreements with various nations.
- Production-Linked Incentive (PLI) Scheme:** This initiative offers incentives for the production and export of certain textile products made from man-made fibers.
- Foreign direct investment (FDI):** The textile sector permits Foreign Direct Investment (FDI) of up to 100% through the automatic route.
- Mega Integrated Textile Region and Apparel (MITRA) Parks Scheme:** The government has approved the development of seven integrated textile parks across greenfield and brownfield sites with a total outlay of ₹4,445 crore till FY 2028. These parks aim to boost global competitiveness, attract investment, and generate large-scale employment. Notably, in February 2023, 1,000 acres were allocated for a park in Lucknow.
- National Technical Textiles Mission:** The government has authorized the establishment of the National Technical Textiles Mission for a four year period (FY 2021 to FY 2026), with a budget of INR 14.8 billion. The mission aims to promote the application of technical textiles in sectors such as agriculture, aquaculture, dairy, and poultry.
- Budget Allocation:** The new budget for 2025-26 contains a sizeable increase, the Indian government has raised the budget allocation by 19 percent to ₹5,272 crore for FY26, with a significant focus on the textile sector.

RISKS & CONCERNS

Risk Management is an ongoing process within the organisation. Your Company has a robust risk management framework to identify, monitor, and minimise risks. The Board has a policy to oversee the risk mitigation performed by the executive management which includes identification, assessment, monitoring and reporting of risks.

- **Regulatory risk Legal and tax compliance**

Changes in the regulatory and tax environment can lead to increased costs, erosion of margins & cash flows and potential fines or reputational damage. However, your Company has a zero-tolerance approach towards compliance with all regulatory requirements the Company closely monitor upcoming regulations to prepare itself well in advance and avoid business disruptions.

- **Discounts**

All the leading brands, both Indian and International, are going for early discounts/sales. People are getting used to the discounting trend both online and offline. In such a scenario, to keep the walk-ins intact, every brand has to offer a discount and no brand can survive without discounts. The company expects that going forward also the discounting sales will continue in the same fashion or may rise.

- **Seasonal nature of business**

Woollen knitted garments contribute around one-third of total sales. This leads to the highly seasonal nature of the business, with most of the yearly turnover accruing during the third quarter of the financial year. However, the Company has been focusing on cotton and cotton-blended apparel and diversifying the product range to include home furnishings and kids' apparel. With this, the seasonal nature of business is expected to reduce over the coming years.

- **Input cost risk**

The company's profitability and cost effectiveness are vulnerable to the impact of fluctuating prices in raw materials, power, and other input costs. These external factors can significantly influence the company's production expenses, potentially leading to increased operational costs and reduced profit margins. It is crucial for the company to closely monitor and manage these cost drivers, implementing effective procurement strategies, exploring alternative suppliers, and optimizing operational processes to mitigate the potential risks and maintain a competitive position in the market.

- **Competition risk**

The entry of foreign brands in the Indian market has led to intensified competition and increased costs for our company in maintaining market visibility. Continuous product innovation is crucial in the branded apparel industry to stay ahead of fashion trends and changing consumer preferences. However, it is important to manage inventory effectively and closely monitor consumer tastes to mitigate the risk of potential unsold inventory or markdowns that could impact the value of our stocks.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

A properly designed and consistently enforced system of operational and financial control helps the Company's Board of Directors and management to safeguard the resources, produce reliable financial reports, and comply with laws and regulations. Effective internal control also reduces the possibility of significant errors and irregularities and assists in their timely detection when they do occur. The internal Auditors regularly monitor and evaluate the efficiency and adequacy of internal control systems in the Company, its compliance with operating systems and accounting procedures, and ensures that the internal control systems are properly followed by all concerned departments of the Company. Significant audit observations and corrective actions are taken thereon and are presented to the Audit Committee of the Board.

HUMAN RESOURCE & INDUSTRIAL RELATIONS

The Company has an excellent track record of cordial and harmonious industrial relations, and over the years not a single man day was lost on account of labour unrest. In view of its aggressive growth plans, the Company enhanced its focus on improving human resource productivity and efficiency. The Company is of the firm belief that human resource is the driving force that propels a Company towards progress and success. The Company is committed to the development of its people. The Industrial relations were cordial and satisfactory.

OPERATIONAL PERFORMANCE & FINANCIAL REVIEW

For the financial year ending 2025, the company reported consolidated revenues of INR 1,10,041 Lakh, reflecting a year-on-year increase of 4%. The Gross margin stood at 47.93% in FY2025 as against 42.55% in FY2024. PAT for the year stood at INR 8,117 Lakh as against INR 5,994 Lakh in FY 2024.

On the Balance Sheet front, the Company holds a cash balance of INR 28,117 Lakh which comprises cash and bank balance along with current and non-current investments. Long-term borrowings remain at zero, consistent with FY2024, reaffirming the company's debt-free status and reflecting strong financial discipline and efficient capital management. The net debt-to-equity ratio is 0.30 for FY 2025. ROCE and Cash Adjusted ROCE are 14.92% and 15.43% respectively, for the year.

The Company has strong track record and proven expertise to generate healthy, predictable and sustainable returns for its stakeholders. The Company is committed to wealth creation for all its stakeholders. The Company aims to maintain a consistency in giving dividend to its stakeholders and aims to ensure sustainable and consistent returns to stakeholders. Since 2016 the Company has been committed to paying 100% dividend and in 2019 the Company did a buyback as well.

SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS

As per SEBI (Listing Obligations and Disclosure Requirements) (Amendment) Regulations, 2018, the Company is required to provide details of significant changes (change of 25% or more as compared to immediately previous year) in key financial ratios. Accordingly, the Company has identified the following ratios as key financial ratios:

Ratio	Unit	FY 2024-25	FY 2023-24	% Change
Debtors Turnover	Times	2.80	2.83	-1.06%
Inventory Turnover	Times	1.22	1.36	-10.29%
Interest Coverage Ratio	Times	3.92	3.81	2.88%
Current Ratio	Times	1.84	1.87	-1.60%
Debt Equity ratio	Times	0.34	0.27	11.11%
Operating Margin	%	16.95%	13.36%	26.87%
Net Margin	%	7.38%	5.64%	30.85%
Return on Net Worth	%	9.73%	7.66%	27.02%

The Reason for significant change:

Operating Margin, Net Margin and Return on Net Worth: Price hike and lower discounting resulted in an increase in Margins.

FUTURE OUTLOOK

The company's future looks promising as it strategically shifts its focus towards cotton and cotton-blended products suitable for all seasons. With a strong presence in the northern and eastern regions, the company plans to extend its reach into the southern and western parts of India. Despite its nationwide footprint, the company acknowledges the untapped potential in these areas and aims to seize emerging opportunities.

To align with changing consumer behaviors, the company is significantly enhancing its online presence. It is concentrating on its website as a primary platform to engage customers and boost sales. By prioritizing online channels, the company seeks to broaden its audience and offer a smooth shopping experience.

In response to diverse consumer needs, the company has launched several brands, each targeting specific market segments. This approach allows for effective market capture and fosters customer satisfaction and loyalty. Additionally, the company has entered the home textile sector, establishing a dedicated plant to meet the increasing demand in this area.

As part of its strategic shift, the company has transitioned its entire online team in-house from an outsourced model. This change provides greater control over online operations, leading to more efficient execution and a better customer experience. Furthermore, the company is moving its focus from offline to online advertising, recognizing the critical role of digital marketing in engaging its target audience.

- The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis Report, Business Responsibility and sustainability report, Director's Report including Annexure to Director Report and Report on Corporate Governance but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of this auditor's report.
- Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.
- In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Management Discussion and Analysis Report, Business Responsibility and sustainability Report, Director's Report including Annexure to Director Report and Report on Corporate Governance, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Board of Directors for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies;

making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Company's Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to standalone financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the Company to express an opinion on the standalone financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities or business activities included in the standalone financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books except for not complying with the requirement of audit trail as stated in (i)(vi) below.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Cash Flows and Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) The modification relating to the maintenance of accounts and other matters connected therewith, is as stated in paragraph (b) above.
 - g) With respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls with reference to standalone financial statements.
 - h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position- Refer Note 34(A) to the standalone financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses- Refer Note 34(ii) to the standalone financial statements.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company- Refer Note 45(k) to the standalone financial statements.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, as disclosed in the note 45(h) to the financial statements no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in

any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.

- (b) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the note 45(i) to the financial statements, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. The final dividend proposed in the previous year, declared and paid by the Company during the year is in accordance with section 123 of the Act, as applicable.

As stated in note 40 to the standalone financial statements, the Board of Directors of the Company has proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting. Such dividend proposed is in accordance with section 123 of the Act, as applicable.

- vi. Based on our examination, which included test checks, the Company has used two accounting software for maintaining its books of account for the year ended March 31, 2025 wherein:
 - (i) in respect of one accounting software, audit (edit log) feature of capturing logs for transactions processed through transaction codes (user interface) was enabled and which operated throughout the period upto March 31, 2025 for all relevant transactions recorded in the software. However, this accounting software did not have the audit trail feature enabled for direct changes to certain tables made by users with privilege access at application level. Further, with respect to database maintained by third party service provider, in the absence of an independent auditor's System and Organization Controls report covering the audit trail requirement, we are unable to comment whether the audit trail feature of the said software was enabled and operated during the year, for all relevant transactions recorded in the software and whether there was any instance of the audit trail feature been tampered with.
 - (ii) in respect of another accounting software, operated by third party software service provider, for maintaining certain transactions, in the absence of an independent auditor's System and Organization Controls report covering the audit trail requirement, we are unable to comment whether the audit trail feature of the said software was enabled and operated during the year, for all relevant transactions recorded in the software and whether there was any instance of the audit trail feature been tampered with.

As audit trail feature was not enabled/not available for the year ended March 31, 2024, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable.

- 2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

We have audited the internal financial controls with reference to standalone financial statements of Monte Carlo Fashions Limited (the “Company”) as at March 31, 2025 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The Company's management and Board of Directors are responsible for establishing and maintaining internal financial controls with reference to standalone financial statements based on the internal control with reference to standalone financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to standalone financial statements of the Company. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to standalone financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to standalone financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to standalone financial statements and their operating effectiveness. Our audit of internal financial controls with reference to standalone financial statements included obtaining an understanding of internal financial controls with reference to standalone financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to standalone financial statements.

Meaning of Internal Financial Controls with reference to standalone financial statements

A company's internal financial control with reference to standalone financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to standalone financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to standalone financial statements

Because of the inherent limitations of internal financial controls with reference to standalone financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to standalone financial statements to future periods are subject to the risk that the internal financial control with reference to standalone financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls with reference to standalone financial statements and such internal financial controls with reference to standalone financial statements were operating effectively as at March 31, 2025, based on the criteria for internal financial control with reference to standalone financial statements established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit and to the best of our knowledge and belief, we state that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment, capital work-in- progress and relevant details of right-of-use assets.

The Company has maintained proper records showing full particulars of intangible assets.

- (b) The Company has a program of verification of property, plant and equipment and right-of-use assets to cover all the items once every 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, no such assets were due for physical verification during the year. Since no physical verification of property, plant and equipment was due during the year the question of reporting on material discrepancies noted on verification does not arise.

- (c) With respect to immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the Company) disclosed in the financial statements included in property, plant and equipment, according to the information and explanations given to us and based on the examination of the registered title deeds provided to us, we report that, the title deeds of such immovable properties are held in the name of the Company as at the balance sheet date, except for the following:

Description of property	As at the Balance sheet date (Rs. In Lakhs)		Held in the name of	Whether promoter, director or their relative or employee	Period held	Reason for not being held in name of Company
	Cost	Carrying value				
Land - 160 Sq yds at G. T. Road, Sherpur, Ludhiana	33	33	Bachan Singh	Not applicable	April 20, 2013	Purchased through sales agreement, however mutation of title deeds in the name of the Company is pending.
Land - 20 Sq yds at G. T. Road, Sherpur, Ludhiana	7	7	Kehar Singh	Not applicable	January 27, 2014	

- (d) The Company has not revalued any of its property, plant and equipment (including Right-of-use assets) and intangible assets during the year.
- (e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
- (i) (a) The inventories except for goods in transit and stock lying with third parties were physically verified during the year by the Management at reasonable intervals. In our opinion and according to the information and explanations given to us, the coverage and procedure of such verification by the Management is appropriate having regard to the size of the Company and the nature of its operations. For stocks held with third parties at the year-end, written confirmations have been obtained and in respect of goods in transit, the goods have been received subsequent to the year end. No discrepancies of 10% or more in the aggregate for each class of inventories were noticed on such physical verification of inventories when compared with books of account.
- (b) According to the information and explanations given to us, the Company has been sanctioned working capital limits in excess of Rs. 5 crores, in aggregate, at points of time during the year, from banks or financial institutions on the basis of security of current assets. In our opinion and according to the

information and explanations given to us, the revised returns or statements comprising stock statements, book debt statements, statements on ageing analysis of the debtors, and other stipulated financial information filed by the Company with such banks are in agreement with the unaudited books of account of the Company of the respective quarters ended June 30, 2024, September 30, 2024, December 31, 2024 and March 31, 2025 and no material discrepancies have been observed.

- (ii) The Company has made investments in mutual funds, debentures, bonds and other parties and also granted unsecured loans to employees, during the year, in respect of which:

- (a) The Company has granted loans to employees during the year, details of which are given below:

Particulars	Loans (Rs. Lakhs)
A. Aggregate amount granted / provided during the year	
- Employees	182
B. Balance outstanding as at balance sheet date in respect of above cases	
- Employees	49

- (b) The investments made and the terms and conditions of the grant of all the above-mentioned loans, during the year are, in our opinion, prima facie, not prejudicial to the Company's interest.
- (c) In respect of loans granted by the Company to employees, the schedule of repayment of principal has been stipulated and the repayments of principal amounts are regular as per stipulation.
- (d) According to information and explanations given to us and based on the audit procedures performed, in respect of loans granted by the Company, there is no overdue amount remaining outstanding as at the balance sheet date.
- (e) No loans granted by the Company which has fallen due during the year, has been renewed or extended or fresh loans granted to settle the over dues of existing loans given to the same parties.
- (f) According to information and explanations given to us and based on the audit procedures performed, the Company has not granted any loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment during the year. Hence, reporting under clause (iii)(f) is not applicable.

The Company has not provided any guarantee or security and not granted any advances in the nature of loans to companies, firms, Limited Liability Partnerships or any other parties during the year. The Company has not made investments in firms, or Limited Liability Partnerships and has not granted any loans, secured or unsecured, to companies, firms or Limited Liability Partnerships during the year.

- (iv) According to the information and explanation given to us, the Company has not granted any loans, or provided any guarantee or security that are covered under the provisions of Section 185 of the Companies Act, 2013. In respect of loans given and investments made by the Company during the year, the Company has complied with the provisions of Section 186 of the Companies Act, 2013.
- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence, reporting under clause (v) of the Order is not applicable.
- (vi) The maintenance of cost records has not been specified for the activities of the Company by the Central Government under section 148(1) of the Companies Act, 2013.
- (vii)(a) Undisputed statutory dues, including Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, duty of customs, cess and other material statutory dues applicable to the Company have been regularly deposited by it with the appropriate authorities. We have been informed that the provisions of the Sales Tax, Service Tax, duty of Excise and Value Added Tax are not applicable to the Company.

There were no undisputed amounts payable in respect of Goods and Services tax, Provident Fund, Employees' State Insurance, Income-tax, duty of customs, cess and other material statutory dues in arrears as at March 31, 2025 for a period of more than six months from the date they became payable.

- (b) Details of statutory dues referred to in sub-clause (a) above which have not been deposited as on March 31, 2025 on account of disputes are given below:

Name of the statute	Nature of the Dues	Amount (Rs. In lakhs)	Amount paid under protest (Rs. In lakhs)	Period to which the Amount Relates	Forum where Dispute is pending
Income Tax Act, 1961	Income Tax	424.96	382.79	AY 2022-23	CIT(A)

- (viii) There were no transactions relating to previously unrecorded income that were surrendered or disclosed as income in the tax assessments under the Income Tax Act, 1961 during the year.
- (ix) (a) In our opinion, the Company has not defaulted in the repayment of loans or other borrowings or in the payment of interest thereon to any lender during the year.
- (b) The Company has not been declared wilful defaulter by any bank or financial institution or government or any government authority.
- (c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause (ix)(c) of the Order is not applicable.
- (d) On an overall examination of the financial statements of the Company, funds raised on short-term basis have, not been used during the year for long-term purposes by the Company.
- (e) We report that the Company has neither taken any funds from any entity or person during the year nor it had any unutilised funds as at the beginning of the year of the funds raised through issue of shares or borrowings in the previous year and hence, reporting under clause (ix)(e) of the Order is not applicable.
- (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiary.
- (x) (a) The Company has not issued any of its securities (including debt instruments) during the year and hence reporting under clause (x)(a) of the Order is not applicable.
- (b) During the year the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully or partly or optionally) and hence reporting under clause (x)(b) of the Order is not applicable to the Company.
- (xi) (a) To the best of our knowledge, no fraud by the Company and no material fraud on the Company by its officers or employees has been noticed or reported during the year.
- (b) To the best of our knowledge, no report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- (c) As represented to us by the Management, there were no whistle blower complaints received by the Company during the year and up to the date of this report.
- (xii) The Company is not a Nidhi Company and hence reporting under clause (xii) of the Order is not applicable.
- (xiii) In our opinion, the Company is in compliance with Section 177 and 188 of the Companies Act, where applicable, for all transactions with the related parties and the details of related party transactions have been disclosed in the financial statements etc. as required by the applicable accounting standards.
- (xiv) (a) In our opinion the Company has an adequate internal audit system commensurate with the size and the nature of its business.
- (b) We have considered, the internal audit reports issued to the Company during the year and covering the period upto December 31, 2024, and the internal audit reports issued after the balance sheet date covering the period January 01, 2025 to March 31, 2025 for the period under audit.

- (xv) In our opinion and according to the information and explanations given to us, during the year the Company has not entered into any non-cash transactions with its directors or directors of its holding, subsidiary or persons connected with them and hence provisions of section 192 of the Companies Act, 2013 are not applicable.
- (xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause (xvi)(a), (b) and (c) of the Order is not applicable.

The Group does not have any CIC as part of the group and accordingly reporting under clause 3(xvi)(d) of the Order is not applicable.
- (xvii) The Company has not incurred cash losses during the financial year covered by our audit and the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors of the Company during the year.
- (xix) On the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.
- (xx) The Company has fully spent the required amount towards Corporate Social Responsibility (CSR) and there is no unspent CSR amount for the year requiring a transfer to a Fund specified in Schedule VII to the Companies Act or special account in compliance with the provision of sub-section (6) of section 135 of the said Act. Accordingly, reporting under clause (xx) of the Order is not applicable for the year.

Notes to standalone financial statements for the year ended March 31, 2025

(All amounts in Rs. lakhs, unless stated otherwise)

1 General Information

Monte Carlo Fashions Limited (the "Company") is a public company limited by shares incorporated under the provisions of the Companies Act, 1956 on 1 July 2008 and is domiciled in India. The Company's registered office is at B-XXIX-106, G.T. Road, Sherpur, Ludhiana, Punjab. Its shares are listed on both BSE Limited and National Stock Exchange of India Limited. The Company is engaged in manufacturing of designer woollen/cotton readymade apparels and trading of readymade apparels including blankets under its brand "MONTE CARLO" which has also been recognised as a "SUPERBRAND".

2 Material Accounting Policies

2.1. Statement of Compliance

The standalone financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Section 133 of the Companies Act, 2013 ("the Act") read with the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

The board of directors have considered the financial position of the Company as at March 31, 2025 and the projected cash flows and financial performance of the Company for at least twelve months from the date of approval of these financial statements.

The standalone financial statements of the Company are presented in Indian Rupee ('INR') and all values are rounded to the nearest lakhs (INR 00,000), except when otherwise indicated.

2.2. Basis of Preparation and Presentation

The standalone financial statements have been prepared on the historical cost convention on accrual basis except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the accounting policies mentioned below. Historical cost is generally based on the fair value of the consideration given in exchange of goods or services.

All assets and liabilities have been classified as current or non-current according to the Company's operating cycle and other criteria set out in the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as twelve months for the purpose of current non-current classification of assets and liabilities.

The principal accounting policies are set out below.

2.3. Use of Estimates and Judgements

The preparation of standalone financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these financial statements and the reported amount of revenues and expenses for the years presented. Actual results may differ from the estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods affected.

2.4. Inventory

Inventories are initially recognised at the lower of cost and net realisable value (NRV).

Cost incurred in bringing each product to its present location and condition are accumulated as follows:

- **Raw materials and stores and spares:** Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average cost method basis.
- **Work-in-progress:** Cost is determined at raw material cost plus conversion costs depending upon the stage of completion.

- **Manufactured finished goods:** Manufactured finished goods are stated at the lower of cost or market value. Cost is determined using actual cost method of valuation in which cost of inventories comprises costs of purchase, costs of conversion and other attributable costs incurred in bringing them to their respective present location and condition.
- **Traded finished goods:** Traded finished goods are stated at the lower of cost or market value. Cost is determined using the weighted average cost basis and includes the purchase price and attributable direct costs.

Initial cost of inventories includes import duties, non-refundable taxes, transport and handling costs and any other directly attributable costs, less trade discounts, rebates and similar items.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

2.5. Property, plant and equipment

Recognition

Property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of property, plant and equipment that are not yet ready for their intended use at the reporting date. When significant parts of property, plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the property, plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the Statement of Profit or Loss as incurred.

Transition to Ind AS

On transition to Ind AS, the Company had elected to continue with the carrying value of all of its property, plant and equipment recognised as at April 01, 2016 measured as per the previous GAAP and used that carrying value as the deemed cost of the property, plant and equipment.

Depreciation

Depreciation on property, plant and equipment is provided on the written down value method arrived on the basis of the useful life prescribed under Schedule II of the Companies Act, 2013 except for Plant and machinery used in factory.

The estimated useful life of Plant and machinery used in factory have been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support etc.

The following useful life of assets has been taken by the Company:

Tangible assets	Useful life
Building	30 years
Plant and machinery – factory	9-10 years
Plant and machinery - Other than factory	15 years
Furniture and fixtures	10 years
Vehicles	8 years and 10 years
Office equipment	5 years
Computer equipment	3 years and 6 years

De-recognition

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is de-recognised.

2.6. Intangible assets

Recognition

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Amortisation

Intangible assets are amortised on straight-line basis over the useful life as estimated by the management.

Intangible assets	Useful life
Software	5 years

De-recognition

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit or Loss when the asset is derecognised.

2.7. Impairment of non-financial assets

The carrying values of assets/cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the statement of profit and loss, to the extent the amount was previously charged to the statement of profit and loss.

2.8. Functional and presentation currency

The standalone financial statements are presented in Indian Rupees (Rs.), which is also the Company's functional currency.

Initial recognition

Transactions in foreign currencies are initially recorded by the Company at its functional currency spot rates at the date the transaction first qualifies for recognition.

Subsequent measurement

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in the Statement of Profit or Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is

determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e. translation differences on items whose fair value gain or loss is recognised in other comprehensive income (OCI) or profit or loss are also recognised in OCI or profit or loss, respectively).

2.9. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the standalone financial statements on a recurring basis, Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period or each case.

For the purpose of fair value disclosures, Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.10. Revenue recognition

Sale of goods:

Revenue from contracts with customers is recognised when control of the goods is transferred to the customer on satisfaction of performance obligations. The Performance obligations as per contracts with customers are fulfilled at the time of dispatch or delivery of goods depending upon the terms agreed with customer.

The Company has concluded that revenue arrangements with its business partners/customers are on principal to principal basis.

Revenue towards satisfaction of performance obligation is measured at the amount of transaction price (net of variable consideration and provision for sales returns) allocated to that performance obligation.

Amounts disclosed as revenue are net of returns and trade discounts, rebates, incentives, etc. The

Company collects goods and services tax on behalf of the government and therefore, these are not economic benefits flowing to the Company. Hence, these are excluded from the revenue.

Variable consideration includes trade discounts, rebates and incentives, etc. The Company uses its accumulated historical experience to estimate the variable consideration using the expected value method.

Under the Company's standard contract terms, customers have a right of return goods as per Company's policy. At the point of sale, a refund liability and a corresponding adjustment to revenue is recognised for those products expected to be returned. At the same time, the Company has a right to recover the product when customers exercise their right of return; consequently, the Company recognises a right-to-returned-goods asset and a corresponding adjustment to change in inventory. The Company uses its accumulated historical experience to estimate the goods that will be returned using the expected value method because this method best predicts the amount of returns to which the Company will be entitled.

Interest income:

Interest income is recognised on time proportion basis taking into account the amount outstanding and rate applicable.

For all financial assets measured at amortised cost, interest income is recorded using the effective interest rate (EIR) i.e. the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial assets. The future cash flows include all other transaction costs paid or received, premiums or discounts if any, etc.

Insurance and other claims

Revenue in respect of claims is recognised when no significant uncertainty exists with regard to the amount to be realised and the ultimate collection thereof.

2.11. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

2.12. Financial instruments

Financial instruments are recognised when the Company becomes a party to the contractual provisions of the instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value.

If the Company determines that the fair value at initial recognition differs from the transaction price, the Company accounts for that instrument at that date as follows:

- at the measurement basis mentioned above if that fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. a Level 1 input) or based on a valuation technique that uses only data from observable markets. The Company recognises the difference between the fair value at initial recognition and the transaction price as a gain or loss.
- in all other cases, at the measurement basis mentioned above, adjusted to defer the difference between the fair value at initial recognition and the transaction price. After initial recognition, the Company recognises that deferred difference as a gain or loss only to the extent that it arises from a change in a factor (including time) that market participants would take into account when pricing the asset or liability.

Subsequent measurement of financial assets and financial liabilities is described below.

Financial assets

Classification and subsequent measurement

For the purpose of subsequent measurement, financial assets are classified into the following categories upon initial recognition:

- i. **Financial assets at amortised cost** – a financial instrument is measured at amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest method.

- ii. **Financial assets carried at fair value through other comprehensive income (FVTOCI)** - A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling the financial asset. Fair value movements are recognised in the other comprehensive income (OCI). However, the Company recognises interest income, impairment losses and reversals in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to the statement of profit and loss.
- iii. **Financial assets carried at fair value through Profit or Loss (FVTPL)** - Financial assets that do not meet the amortised cost criteria or fair value through other comprehensive income criteria are measured at fair value through profit or loss.

Investment in Mutual funds— All Investments in mutual funds in scope of Ind-AS 109 are measured at fair value through profit and loss (FVTPL).

Investments in equity instruments — The Company subsequently measures all equity investments (other than subsidiaries) at fair value (either through profit or loss or through other comprehensive income). Dividends from such investments are recognised in the Statement of Profit or Loss as other income when the Company's right to receive payments is established.

De-recognition of financial assets

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Financial liabilities

Subsequent measurement

After initial recognition, the financial liabilities, other than derivative liabilities, are subsequently measured at amortised cost using the effective interest method.

Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The effect of EIR amortisation is included as finance costs in the statement of profit and loss.

Derivative liabilities - All derivative liabilities are measured at fair value through profit and loss (FVTPL).

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit or Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

2.13. Retirement and other employee benefits

Defined contribution plan

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. The Company has no obligation other than the contribution payable to the Provident Fund.

Defined benefit plans

The Company operates a defined benefit gratuity plan in India. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Other short term benefits

Expense in respect of other short-term benefits is recognised on the basis of amount paid or payable for the period during which services are rendered by the employees.

2.14. Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of reimbursement (if any).

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Company or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases where there is a liability that cannot be recognised because it cannot be measured reliably. The Company does not recognise a contingent liability but discloses its existence in the standalone financial statements.

Contingent assets are not recognised. However, when inflow of economic benefits is probable, related asset is disclosed.

2.15. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

Potential ordinary shares shall be treated as dilutive when, and only when, their conversion to ordinary shares would decrease earnings per share or increase loss per share from continuing operations.

2.16. Leases

The Company's lease asset classes primarily consist of leases for showrooms taken on rent. The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Company has several lease contracts that include extension and termination options. The Company applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination, including: whether there are significant penalties to terminate (or not extend); whether any leasehold improvements are expected to have a significant remaining value; historical lease durations; the importance of the underlying asset to the Company's operations; and the costs and business disruption required to replace the leased asset. The Company typically exercises its option to renew (or does not exercise its option to terminate) for the leases because there will be a negative effect on the sale of its products if a replacement is not readily available and also due to the cost of the leasehold improvements.

The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset,
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease, and
- (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases of low value assets. For these short-term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as cash flows from financing activities.

2.17. Income taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are

enacted or substantively enacted, at the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits (Minimum alternate tax credit entitlement) and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.18. Non-current assets or disposal group held for sale

The Company classifies non-current assets and disposal groups as held for sale/ distribution to owners if their carrying amounts will be recovered principally through a sale/ distribution rather than through continuing use. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale expected within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets or disposal group is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales/ distribution of such assets (or disposal groups), its sale is highly probable; and it will genuinely be sold, not abandoned. The Company treats sale of the asset highly probable when:

- The appropriate level of management is committed to a plan to sell the asset (or disposal group),
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value,

- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

2.19. Government grants and subsidies

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

When the grant or subsidy relates to revenue, it is recognised as income on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant relates to an asset, it is recognised as deferred income and released to income in equal amounts over the expected useful life of the related asset.

2.20. Segment reporting

The Company's business operation comprises of single operating segment of manufacturing/trading of textile garments. Operating segment has been identified on the basis of nature of products and reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker ('CODM').

2.21. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.22. Cash dividend distribution to equity holders

The Company recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

2.23. Significant accounting judgements, estimates and assumptions

In the application of the Company's accounting policies, which are described as stated above, the Board of Directors of the Company are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Key sources of uncertainty

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Company's accounting policies and that have the most significant effect on the amounts recognised in the financial statements:

Right to recover returned goods and refund liabilities

The methodology and assumptions used to estimate expected sales return involves significant judgments by the Management. Such estimates are monitored and adjusted regularly in the light of contractual and legal obligations, historical trend and past experience. Once the uncertainty associated with the expected sales returns is resolved, revenue is adjusted accordingly.

Provision for discount

At each balance sheet date, management estimates the adequacy of provision for discounts to be given to its customers on the sales made by the Company on the basis of historical trend, past experience and discount policies.

Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future, salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Useful lives of depreciable property, plant and equipment and intangible assets

Management reviews the useful lives of depreciable/amortisable assets at each reporting date.

As at March 31, 2025 management assessed that the useful lives represent the expected utility of the assets to the Company.

Recoverability of advances/receivables

At each balance sheet date, management assess recoverability of advances/receivables based on ageing and credit risk to determine the adequacy of allowances for doubtful receivables / advances.

2.24. Applicability of New and Revised Ind AS

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f April 1, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

4 Right-of-use assets and lease liabilities

The Company has entered into various lease agreements for acquiring space for Exclusive Brand Stores. Such lease contracts include monthly fixed payments for rentals. The lease contracts are generally cancellable at the option of lessee during the lease tenure after the completion of non-cancellable period. There are no significant restrictions imposed under the lease contracts.

The following table presents the reconciliation of changes in the carrying value of Right-of-use assets (ROU) assets for the year ended March 31, 2025 and March 31, 2024:

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024

ii) The Company has used a practical expedient for the purpose of computing lifetime expected credit loss allowance ("ECL") for trade receivables which is based on historical credit loss experience and adjustments for forward looking information. The Company follows "simplified approach for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its recognition.

The movement in allowance for lifetime expected credit loss on customer balances is as follows:

Particulars	As at March 31, 2025	As at March 31, 2024

	3,295	2,196
Adjustments related to the current tax and deferred tax of prior years	(34)	(123)
Income tax expense recognised in the statement of profit and loss	3,261	2,073

The tax rate used for the current year reconciliation above is the corporate tax rate of 25.17% (previous year 25.17%) payable by corporate entities in India on taxable profits as the Income Tax Act, 1961.

*The Company invests its surplus funds into debt mutual funds and debentures. In compliance with Ind AS-12 "Income

taxes", the Company had recorded deferred tax liability on debt mutual fund and deferred tax asset on debentures as per applicable law (taking cognisance of the Indexation benefit) on fair value gains on these investments. The Finance (No.2) Act, 2024 withdrew the indexation benefit on long term capital gains on debt mutual funds and debentures which were purchased prior to April 1, 2023 and tax rate applicable on the said assets was changed from 20% plus surcharge and cess (with indexation) to 12.5% plus surcharge and cess (without indexation).

Deferred tax liabilities have been remeasured at the prescribed rate on account of withdrawal of the indexation benefit and change in the tax rate, which has resulted in increase in deferred tax liabilities and corresponding deferred tax expense by Rs. 327 Lakhs, which has been recognised in the audited financial statements for the year ended March 31, 2025. The actual payment of tax would be made at the time of redemption of this asset class. The cash outflow tax could be different at the time of redemption depending on the actual gain and prevailing tax regulations.

37 Employee Benefits

i) Defined Contribution Plan

The Company's contribution to Provident Fund for the year ended March 31, 2025 Rs. 549 Lakhs (for the year ended March 31, 2024: Rs. 484 Lakhs) has been recognised in the Statement of Profit and Loss under the head employee benefits expense.

ii) Defined Benefit Plan

Gratuity

- a) The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. Gratuity plan is a funded plan and the Company makes contributions of funds to Life Insurance Corporation of India and Kotak Life Insurance.
- b) This plan typically exposes the Company to actuarial risks such as: interest rate risk, Salary Escalation risk, Demographic risk and Investment risk.

Interest rate risk:

The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.

Salary Escalation risk:

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability

Demographic risk:

The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

Investment risk:

This may arise from volatility in asset values due to market fluctuations and impairment of assets due to credit losses. LIC of India primarily invests in debt instruments such as Government securities and highly rated corporate bonds wherein the risk of downward fluctuation in value is minimal.

c) Significant Actuarial Assumptions

The significant actuarial assumptions used for the purpose of the actuarial valuation were as follows:

Particulars	As at March 31, 2025	As at March 31, 2024
Discount rate	6.62%	7.09%
Expected rate of salary increase	9.00%	9.00%
Expected return on plan assets	6.62%	7.09%
Mortality table used	IALM (2012-14) Ultimate	IALM (2012-14) Ultimate
Employee Turnover/ Withdrawal Rate	10.00%	8.00%
Retirement age	62 years	62 years

The discount rate is determined by reference to market yields at the balance sheet date on Govt. bonds. The term of the risk free investments has to be consistent with the estimated term of benefit obligations.

The estimates of future salary increase considered, takes into account the inflation, seniority, promotions and other relevant factors, such as supply and demand in the employment market.

- d) The following tables sets out the status of the defined benefit scheme in respect of gratuity and amount recognised in the financial statements:

I. Components of Net Benefit Expense

1. Discount Rate + 50 basis points	(79)	(79)
2. Discount Rate - 50 basis points	84	84
3. Salary Escalation Rate + 50 basis points	70	69
4. Salary Escalation Rate - 50 basis points	(69)	(67)

The sensitivity analysis presented above may not be representative of the actual changes in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumption may be correlated.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumption occurring at the end of the reporting period, while holding all other assumptions constant.

Level 1: Quoted prices in the active market. This level of hierarchy includes financial assets that are measured by reference to quoted prices in the active market. This category consists of debt based open ended mutual funds, investment in debentures and bonds and investment in alternate investment fund.

Level 2: Valuation techniques with observable inputs. This level of hierarchy includes items measured using inputs other than quoted prices included within Level 1 that are observable for such items, either directly or indirectly. This level of hierarchy consists of debt based close ended mutual fund investments.

Level 3: Valuation techniques with unobservable inputs. This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable inputs). Fair value determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data. The main item in this category are unquoted equity instruments.

The Fair value of mutual funds, bonds and debentures is based on the net asset value (NAV) as stated by the Asset management Company (AMC) as at the Balance sheet date.

c) Financial risk management

The Company's principal financial liabilities comprise borrowings, lease liabilities, trade payables and other financial liabilities. The main purpose of these financial liabilities is to finance the Company's operations and to

support its operations. The Company's financial assets include Investment, trade receivables, cash and cash equivalents, Other bank balances and Other financial assets that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is supported by a risk management committee that advises on financial risks and the appropriate financial risk governance framework for the Company. This risk management committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedure and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each risk, which are summarised as below:

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: foreign currency risk, interest rate risk, price risk.

Foreign currency risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US Dollar and JPY. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the functional currency of the Company. Considering the low volume of foreign currency transactions, the Company's exposure to foreign currency risk is limited and hence the Company does not use any derivative instruments to manage its exposure. Also, the Company does not use forward contracts and swaps for speculative purposes.

Foreign currency risk exposure

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of year expressed in INR Lakhs are as follows:

	As at March 31, 2025		As at March 31, 2024	
	USD	JPY	USD	JPY
Trade payables	7,08,941	-	-	-

Foreign currency sensitivity

The following table details the Company's sensitivity to a 5% increase and decrease in the Rs. against the relevant foreign currencies. The sensitivity analysis includes only outstanding foreign currency denominated monetary items as tabulated above and adjusts their translation at the period end for a 5% change in foreign currency rates. The sensitivity analysis includes external loans. A positive number below indicates an increase in profit or equity and vice-versa.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates. The Company carries borrowings primarily at variable rate.

	As at March 31, 2025	As at March 31, 2024
Variable rate borrowings	29,373	21,699
Total borrowings	29,373	21,699

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of borrowings affected. With all other variable held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Impact on profit or loss for the year ended	
	March 31, 2025	March 31, 2024
Decrease by 50 bps	147	108
Increase by 50 bps	(147)	(108)

Price risk

The Company's exposure to price risk arises from investments in mutual funds, bonds and debentures held by the Company and measured at fair value. To manage its price risk arising from investments, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Company.

Price sensitivity

Particulars	For the year ended March 31, 2025		For the year ended March 31, 2024	
	Increase in NAV by 5%	Decrease in NAV by 5%	Increase in NAV by 5%	Decrease in NAV by 5%
Impact on profit or loss for the year				
Investments in mutual funds and Alternate Investment Fund	633	(633)	574	(574)
Impact on Other comprehensive income for the year				
Investments in bonds / debentures	157	(157)	157	(157)

(ii) Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations. To manage trade receivable, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends, analysis of historical bad debts and aging of such receivables.

Financial instruments that are subject to such risk, principally consist of investments, trade receivables and loans and advances. None of the financial instruments of the Company results in material concentration of credit risks.

Financial assets for which loss allowance is measured:

Particulars	As at March 31, 2025	As at March 31, 2024
Trade receivables	318	581

(iii) Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including debt and overdraft from domestic banks at an optimised cost. It also enjoys strong access to domestic capital markets across equity.

Maturities of financial liabilities

The table below analyses the Company's all non-derivative financial liabilities into relevant maturity based on

their contractual maturities.

The amounts disclosed in the table are the contractual undiscounted cash flows.

Dividends not recognised at the end of the reporting period

The Board of Directors of Company have proposed the final dividend of Rs. 20 per share for the year ended March 31, 2025. The proposed final dividend is subject to approval of the members at the ensuing Annual General Meeting. The amount of such dividend proposed is in accordance with section 123 of Companies Act, 2013.

41 Capital management

The Company's capital management objectives are to ensure the Company's ability to continue as a going concern as well as to provide an adequate return to shareholders by pricing products and services commensurates with the level of risk. The capital structure of the Company consists of net debt (borrowings net of cash and cash equivalents) and total equity of the Company.

The management of the Company reviews the capital structure of the Company on regular basis. As part of this review, the Board monitors capital using capital gearing ratio, which is net debt divided by total capital plus net debt.

	As at March 31, 2025	As at March 31, 2024
Borrowings	29,373	21,699
Less: Cash and cash equivalents	90	56
Less: Other bank balances	3,369	672
Net debt (a)	25,914	20,971
Equity (b)	83,410	79,622
Capital and net debt (c) [(a) + (b)]	1,09,324	1,00,593
Gearing ratio [(a) / (c)]	24%	21%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.

Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowings in the current and previous year. No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2025 and March 31, 2024.

INDEPENDENT AUDITOR'S REPORT
To The Members of Monte Carlo Fashions Limited
Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Monte Carlo Fashions Limited (the "Parent") and its subsidiary, (the Parent and its subsidiary together referred to as the "Group"), which comprise the Consolidated Balance Sheet as at March 31, 2025, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity for the year ended on that date, and notes to the financial statements, including a summary of material accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, ("Ind AS") and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2025, and their consolidated profit, their consolidated total comprehensive income, their consolidated cash flows and their consolidated changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143 (10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibility for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

- The Parent's Board of Directors is responsible for the other information. The other information comprises the information included in the Management Discussion and Analysis Report, Business Responsibility and sustainability Report, Director's Report including Annexure to Director Report and Report on Corporate Governance, but does not include the consolidated financial statements, standalone financial statements and our auditor's report thereon. These reports are expected to be made available to us after the date of this auditor's report.
- Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.
- In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.
- When we read the Management Discussion and Analysis Report, Business Responsibility and sustainability Report, Director's Report including Annexure to Director Report and Report on Corporate Governance, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance as required under SA 720 'The Auditor's responsibilities Relating to Other Information'.

Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

The Parent's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated cash flows and consolidated changes in equity of the Group in accordance with the accounting principles generally accepted in India, including Ind AS specified under section 133 of the Act. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance

with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Parent, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intend to liquidate their respective entities or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Parent has adequate internal financial controls with reference to consolidated financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in

aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Parent and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal financial controls that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept by the Group, so far as it appears from our examination of those books, except in relation to compliance with the requirements of audit trail, refer paragraph (i)(vi) below.
- c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, the Consolidated Statement of Cash Flows and the Consolidated Statement of Changes in Equity dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- d) In our opinion, the aforesaid consolidated financial statements comply with the Ind AS specified under Section 133 of the Act.
- e) On the basis of the written representations received from the directors of the Parent as on March 31, 2025 taken on record by the Board of Directors of the Company and subsidiary company, none of the directors of the Group companies is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) The modification/s relating to the maintenance of accounts and other matters connected therewith, is/are as stated in paragraph (b) above.
- g) With respect to the adequacy of the internal financial controls with reference to consolidated financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Parent and subsidiary company. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls with reference to consolidated financial statements of those companies.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Parent to their directors during the year is in accordance with the provisions of section 197 of the Act and the subsidiary company has not paid any remuneration to its directors.
- i) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the

Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i) The Group does not have any pending litigations which would impact the consolidated financial position of the Group- Refer Note 34(A) to the Consolidated financial statements.
- ii) The Group did not have any material foreseeable losses on long-term contracts including derivative contracts- Refer Note 34(ii) to the Consolidated financial statements.
- iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Parent- Refer Note 46(k) to the Consolidated financial statements.
- iv) (a) The respective Managements of the Parent and its subsidiary, whose financial statements have been audited under the Act, have represented to us, to the best of their knowledge and belief, as disclosed in the note 46(h) to the consolidated financial statements, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Parent or subsidiary, to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Parent or subsidiary ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (b) The respective Managements of the Parent and subsidiary, whose financial statements have been audited under the Act, have represented to us, to the best of their knowledge and belief, as disclosed in the note 46(i) to the consolidated financial statements, no funds have been received by the Parent or subsidiary from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Parent or subsidiary shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
- (c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances performed by us, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v) The final dividend proposed in the previous year, declared and paid by the Parent Company, whose financial statements have been audited under the Act, where applicable, during the year is in accordance with section 123 of the Act, as applicable.

As stated in note 40 to the consolidated financial statements, the Board of Directors of the Parent Company, whose financial statements have been audited under the Act, where applicable, have proposed final dividend for the year which is subject to the approval of the members of the Parent at the ensuing respective Annual General Meetings. Such dividend proposed is in accordance with section 123 of the Act, as applicable.

- vi) Based on our examination, which included test checks, the Company has used two accounting software for maintaining its books of account for the year ended March 31, 2025 wherein:
 - (i) in respect of one accounting software, audit (edit log) feature of capturing logs for transactions processed through transaction codes (user interface) was enabled and which operated throughout the period upto March 31, 2025 for all relevant transactions recorded in the software. However, this accounting software did not have the audit trail feature enabled for direct changes to certain tables made by users with privilege access at application level. Further, with respect to database maintained by third party service provider, in the absence of an independent auditor's System and Organization Controls report covering the audit trail requirement, we are unable to comment whether the audit trail feature of the said software was enabled and operated during the year, for all relevant transactions recorded in the software and whether there was any instance of the audit trail feature been tampered with.

- (ii) in respect of another accounting software, operated by third party software service provider, for maintaining certain transactions, in the absence of an independent auditor's System and Organization Controls report covering the audit trail requirement, we are unable to comment whether the audit trail feature of the said software was enabled and operated during the year, for all relevant transactions recorded in the software and whether there was any instance of the audit trail feature been tampered with.

As audit trail feature was not enabled/not available for the year ended March 31, 2024, reporting under Rule 11 (g) of the Companies (Audit and Auditors) Rules, 2014 on preservation of audit trail as per the statutory requirements for record retention is not applicable.

2. With respect to the matters specified in clause (xxi) of paragraph 3 and paragraph 4 of the Companies (Auditor's Report) Order, 2020 ("CARO"/ "the Order") issued by the Central Government in terms of Section 143(11) of the Act, according to the information and explanations given to us, and based on the CARO reports issued by us included in the consolidated financial statements to which reporting under CARO is applicable, as provided to us by the Management of the Parent, we report that there are no qualifications or adverse remarks by the respective auditors in the CARO reports of the said companies included in the consolidated financial statements except for the following:

Name of the company	CIN	Nature of relationship	Clause Number of CARO report with qualification or adverse remark
Monte Carlo Fashions Limited	L51494PB2008 PLC032059	Parent	Clause i(c) (Title deeds of immovable properties not held in the name of the Company) of Annexure A to the Independent Auditor's Report.

ANNEXURE “A” TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 1(g) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls with reference to consolidated financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

In conjunction with our audit of the consolidated Ind AS financial statements of the Company as at and for the year ended March 31, 2025, we have audited the internal financial controls with reference to consolidated financial statements of Monte Carlo Fashions Limited (hereinafter referred to as “Parent”) and its subsidiary company, which are companies incorporated in India, as of that date.

Management's and Board of Directors' Responsibilities for Internal Financial Controls

The respective Company's management and Board of Directors of the Parent and its subsidiary company, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls with reference to consolidated financial statements based on the internal control with reference to consolidated financial statements criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls with reference to consolidated financial statements of the Parent and its subsidiary company, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls with reference to consolidated financial statements. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to consolidated financial statements of the Parent and its subsidiary company, which are companies incorporated in India.

Meaning of Internal Financial Controls with reference to consolidated financial statements

A company's internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect

the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to consolidated financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion to the best of our information and according to the explanations given to us, the Parent and its subsidiary company, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls with reference to consolidated financial statements and such internal financial controls with reference to consolidated financial statements were operating effectively as at March 31, 2025, based on the criteria for internal financial control with reference to consolidated financial statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to consolidated financial statements for the year ended March 31, 2025
(All amounts in Rs. lakhs, unless stated otherwise)

1 General Information

Monte Carlo Fashions Limited (the “Company” or “the Parent Company”) is a public company limited by shares incorporated under the provisions of the Companies Act, 1956 on 1 July 2008 and is domiciled in India. The Company's registered office is at B-XXIX-106, G.T. Road, Sherpur, Ludhiana, Punjab. Its shares are listed on both BSE Limited and National Stock Exchange of India Limited. The Company is engaged in manufacturing of designer woolen/cotton readymade apparels and trading of readymade apparels including blankets under its brand “MONTE CARLO” which has also been recognised as a “SUPERBRAND”.

2 Material Accounting Policies

2.1. Statement of Compliance

The consolidated financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Section 133 of the Companies Act, 2013 (“the Act”) read with the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

The board of directors have considered the financial position of the Group as at March 31, 2025 and the projected cash flows and financial performance of the Group for at least twelve months from the date of approval of these financial statements.

The consolidated financial statements of the Group are presented in Indian Rupee ('INR') and all values are rounded to the nearest lakhs (INR 00,000), except when otherwise indicated.

2.2. Basis of Preparation and Presentation

The consolidated financial statements have been prepared on the historical cost convention on accrual basis except for certain financial instruments which are measured at fair value at the end of each reporting period, as explained in the accounting policies mentioned below. Historical cost is generally based on the fair value of the consideration given in exchange of goods or services.

All assets and liabilities have been classified as current or non-current according to the Group's operating cycle and other criteria set out in the Act. Based on the nature of products and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as twelve months for the purpose of current non-current classification of assets and liabilities.

The principal accounting policies are set out below.

2.3 Basis of Consolidation- Subsidiaries

Subsidiaries are entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date the control ceases.

The Group combines the financial statements of the parent and its wholly owned subsidiary line by line adding together like items of asset, liabilities, equity, income and unrealized gains on transactions between Group companies are eliminated. Accounting policy of subsidiary have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiary are shown separately in the consolidated statement of profit and loss, consolidated statement of change in equity and balance sheet respectively.

2.4. Use of Estimates and Judgements

The preparation of consolidated financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amount of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities

at the date of these financial statements and the reported amount of revenues and expenses for the years presented. Actual results may differ from the estimates.

Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimates are revised and future periods affected.

2.5. Inventory

Inventories are initially recognised at the lower of cost and net realisable value (NRV).

Cost incurred in bringing each product to its present location and condition are accumulated as follows:

- **Raw materials and stores and spares:** Cost includes cost of purchase and other costs incurred in bringing the inventories to their present location and condition. Cost is determined on weighted average cost method basis.
- **Work-in-progress:** Cost is determined at raw material cost plus conversion costs depending upon the stage of completion.
- **Manufactured finished goods:** Manufactured finished goods are stated at the lower of cost or market value. Cost is determined using actual cost method of valuation in which cost of inventories comprises costs of purchase, costs of conversion and other attributable costs incurred in bringing them to their respective present location and condition.
- **Traded finished goods:** Traded finished goods are stated at the lower of cost or market value. Cost is determined using the weighted average cost basis and includes the purchase price and attributable direct costs.

Initial cost of inventories includes import duties, non-refundable taxes, transport and handling costs and any other directly attributable costs, less trade discounts, rebates and similar items.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

2.6. Property, plant and equipment

Recognition

Property, plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of property, plant and equipment that are not yet ready for their intended use at the reporting date. When significant parts of property, plant and equipment are required to be replaced at intervals, the Group depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the property, plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in the Statement of Profit or Loss as incurred.

Transition to Ind AS

On transition to Ind AS, the Group had elected to continue with the carrying value of all of its property, plant and equipment recognised as at April 01, 2016 measured as per the previous GAAP and used that carrying value as the deemed cost of the property, plant and equipment.

Depreciation

Depreciation on property, plant and equipment is provided on the written down value method arrived on the basis of the useful life prescribed under Schedule II of the Companies Act, 2013 except for Plant and machinery used in factory.

The estimated useful life of Plant and machinery used in factory have been assessed based on technical advice, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support etc.

The following useful life of assets has been taken by the Group:

Tangible assets	Useful life
Building	30 years
Plant and machinery – factory	9-10 years
Plant and machinery - Other than factory	15 years
Furniture and fixtures	10 years
Vehicles	8 years and 10 years
Office equipment	5 years
Computer equipment	3 years and 6 years

De-recognition

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is de-recognised.

2.7. Intangible assets

Recognition

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortisation and accumulated impairment losses, if any.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Amortisation

Intangible assets are amortised on straight-line basis over the useful life as estimated by the management.

Intangible assets	Useful life
Software	5 years

De-recognition

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit or Loss when the asset is derecognised.

2.8. Impairment of non-financial assets

The carrying values of assets/cash generating units at each balance sheet date are reviewed for impairment if any indication of impairment exists. If the carrying amount of the assets exceed the estimated recoverable amount, an impairment is recognised for such excess amount.

The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor.

When there is indication that an impairment loss recognised for an asset in earlier accounting periods which no longer exists or may have decreased, such reversal of impairment loss is recognised in the statement of profit and loss, to the extent the amount was previously charged to the statement of profit and loss.

2.9. Functional and presentation currency

The consolidated financial statements are presented in Indian Rupees (Rs.), which is also the Group's

functional currency.

Initial recognition

Transactions in foreign currencies are initially recorded by the Group at its functional currency spot rates at the date the transaction first qualifies for recognition.

Subsequent measurement

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in the Statement of Profit or Loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e. translation differences on items whose fair value gain or loss is recognised in other comprehensive income (OCI) or profit or loss are also recognised in OCI or profit or loss, respectively).

2.10. Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period or each case.

For the purpose of fair value disclosures, Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

2.11. Revenue recognition

Sale of goods:

Revenue from contracts with customers is recognised when control of the goods is transferred to the customer on satisfaction of performance obligations. The Performance obligations as per contracts with customers are fulfilled at the time of dispatch or delivery of goods depending upon the terms agreed with customer.

The Group has concluded that revenue arrangements with its business partners/customers are on principal to principal basis.

Revenue towards satisfaction of performance obligation is measured at the amount of transaction price (net of variable consideration and provision for sales returns) allocated to that performance obligation.

Amounts disclosed as revenue are net of returns and trade discounts, rebates, incentives, etc. The Group collects goods and services tax on behalf of the government and therefore, these are not economic benefits flowing to the Group. Hence, these are excluded from the revenue.

Variable consideration includes trade discounts, rebates and incentives, etc. The Group uses its accumulated historical experience to estimate the variable consideration using the expected value method.

Under the Group's standard contract terms, customers have a right of return goods as per Group's policy. At the point of sale, a refund liability and a corresponding adjustment to revenue is recognised for those products expected to be returned. At the same time, the Group has a right to recover the product when customers exercise their right of return; consequently, the Group recognises a right-to-retained-goods asset and a corresponding adjustment to change in inventory. The Group uses its accumulated historical experience to estimate the goods that will be returned using the expected value method because this method best predicts the amount of returns to which the Group will be entitled.

Interest income:

Interest income is recognised on time proportion basis taking into account the amount outstanding and rate applicable.

For all financial assets measured at amortised cost, interest income is recorded using the effective interest rate (EIR) i.e. the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial assets. The future cash flows include all other transaction costs paid or received, premiums or discounts if any, etc.

Insurance and other claims

Revenue in respect of claims is recognised when no significant uncertainty exists with regard to the amount to be realised and the ultimate collection thereof.

2.12. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur.

2.13. Financial instruments

Financial instruments are recognised when the Group becomes a party to the contractual provisions of the instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value.

If the Group determines that the fair value at initial recognition differs from the transaction price, the Group accounts for that instrument at that date as follows:

- at the measurement basis mentioned above if that fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. a Level 1 input) or based on a valuation technique that uses only data from observable markets. The Group recognises the difference between the fair value at initial recognition and the transaction price as a gain or loss.

- in all other cases, at the measurement basis mentioned above, adjusted to defer the difference between the fair value at initial recognition and the transaction price. After initial recognition, the Group recognises that deferred difference as a gain or loss only to the extent that it arises from a change in a factor (including time) that market participants would take into account when pricing the asset or liability.

Subsequent measurement of financial assets and financial liabilities is described below.

Financial assets

Classification and subsequent measurement

For the purpose of subsequent measurement, financial assets are classified into the following categories upon initial recognition:

- Financial assets at amortised cost** – a financial instrument is measured at amortised cost if both the following conditions are met:
 - The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
 - Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest method.
- Financial assets carried at fair value through other comprehensive income (FVTOCI)** - A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows on specified dates that are solely payments of principal and interest on the principal amount outstanding and selling the financial asset. Fair value movements are recognised in the other comprehensive income (OCI). However, the Group recognises interest income, impairment losses and reversals in the statement of profit and loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from equity to the statement of profit and loss.
- Financial assets carried at fair value through Profit or Loss (FVTPL)** - Financial assets that do not meet the amortised cost criteria or fair value through other comprehensive income criteria are measured at fair value through profit or loss.

Investment in Mutual funds– All Investments in mutual funds in scope of Ind-AS 109 are measured at fair value through profit and loss (FVTPL).

Investments in equity instruments – The Group subsequently measures all equity investments (other than subsidiaries) at fair value (either through profit or loss or through other comprehensive income). Dividends from such investments are recognised in the Statement of Profit or Loss as other income when the Group's right to receive payments is established.

De-recognition of financial assets

A financial asset is primarily de-recognised when the rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive cash flows from the asset.

Financial liabilities

Subsequent measurement

After initial recognition, the financial liabilities, other than derivative liabilities, are subsequently measured at amortised cost using the effective interest method.

Amortised cost is calculated by considering any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The effect of EIR amortisation is included as finance costs in the statement of profit and loss.

Derivative liabilities - All derivative liabilities are measured at fair value through profit and loss (FVTPL).

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or

expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the Statement of Profit or Loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

2.14. Retirement and other employee benefits

Defined contribution plan

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. The Group has no obligation other than the contribution payable to the Provident Fund.

Defined benefit plans

The Group operates a defined benefit gratuity plan in India. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Other short term benefits

Expense in respect of other short-term benefits is recognised on the basis of amount paid or payable for the period during which services are rendered by the employees.

2.15. Provisions, contingent liabilities and contingent assets

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of reimbursement (if any).

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

A contingent liability is a possible obligation that arises from past events whose existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events beyond the control of the Group or a present obligation that is not recognised because it is not probable that an outflow of resources will be required to settle the obligation. A contingent liability also arises in extremely rare cases

where there is a liability that cannot be recognised because it cannot be measured reliably. The Group does not recognise a contingent liability but discloses its existence in the consolidated financial statements.

Contingent assets are not recognised. However, when inflow of economic benefits is probable, related asset is disclosed.

2.16. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

Potential ordinary shares shall be treated as dilutive when, and only when, their conversion to ordinary shares would decrease earnings per share or increase loss per share from continuing operations.

2.17. Leases

The Group's lease asset classes primarily consist of leases for showrooms taken on rent. The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination, including: whether there are significant penalties to terminate (or not extend); whether any leasehold improvements are expected to have a significant remaining value; historical lease durations; the importance of the underlying asset to the Group's operations; and the costs and business disruption required to replace the leased asset. The Group typically exercises its option to renew (or does not exercise its option to terminate) for the leases because there will be a negative effect on the sale of its products if a replacement is not readily available and also due to the cost of the leasehold improvements.

The Group assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether:

- (i) the contract involves the use of an identified asset,
- (ii) the Group has substantially all of the economic benefits from use of the asset through the period of the lease, and
- (iii) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and leases of low value assets. For these short-term and leases of low value assets, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

The right-of-use assets are initially recognised at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses, if any. Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset.

The lease liability is initially measured at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using

the incremental borrowing rates. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made.

A lease liability is remeasured upon the occurrence of certain events such as a change in the lease term or a change in an index or rate used to determine lease payments. The remeasurement normally also adjusts the leased assets.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as cash flows from financing activities.

2.18. Income taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date in the countries where the Group operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits (Minimum alternate tax credit entitlement) and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised. Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

2.19. Non-current assets or disposal group held for sale

The Group classifies non-current assets and disposal groups as held for sale/ distribution to owners if their carrying amounts will be recovered principally through a sale/ distribution rather than through continuing use. Actions required to complete the sale should indicate that it is unlikely that significant changes to the sale will be made or that the decision to sell will be withdrawn. Management must be committed to the sale

expected within one year from the date of classification.

For these purposes, sale transactions include exchanges of non-current assets for other non-current assets when the exchange has commercial substance. The criteria for held for sale classification is regarded met only when the assets or disposal group is available for immediate sale in its present condition, subject only to terms that are usual and customary for sales/ distribution of such assets (or disposal groups), its sale is highly probable; and it will genuinely be sold, not abandoned. The Group treats sale of the asset highly probable when:

- The appropriate level of management is committed to a plan to sell the asset (or disposal group),
- An active programme to locate a buyer and complete the plan has been initiated (if applicable),
- The asset (or disposal group) is being actively marketed for sale at a price that is reasonable in relation to its current fair value,
- The sale is expected to qualify for recognition as a completed sale within one year from the date of classification, and
- Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

2.20. Government grants and subsidies

Government grants are recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with.

When the grant or subsidy relates to revenue, it is recognised as income on a systematic basis in the statement of profit and loss over the periods necessary to match them with the related costs, which they are intended to compensate. Where the grant relates to an asset, it is recognised as deferred income and released to income in equal amounts over the expected useful life of the related asset.

2.21. Segment reporting

The Group's business operation comprises of single operating segment of manufacturing/trading of textile garments. Operating segment has been identified on the basis of nature of products and reported in a manner consistent with the internal reporting provided to Chief Operating Decision Maker ('CODM').

2.22. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

2.23. Cash dividend distribution to equity holders

The Group recognises a liability to make cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

2.24. Significant accounting judgements, estimates and assumptions

In the application of the Group's accounting policies, which are described as stated above, the Board of Directors of the Group are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only the period of the revision and future periods if the revision affects both current and future periods.

Key sources of uncertainty

The following are the areas of estimation uncertainty and critical judgements that the management has made in the process of applying the Group's accounting policies and that have the most significant effect

on the amounts recognised in the financial statements:

Right to recover returned goods and refund liabilities

The methodology and assumptions used to estimate expected sales return involves significant judgments by the Management. Such estimates are monitored and adjusted regularly in the light of contractual and legal obligations, historical trend and past experience. Once the uncertainty associated with the expected sales returns is resolved, revenue is adjusted accordingly.

Provision for discount

At each balance sheet date, management estimates the adequacy of provision for discounts to be given to its customers on the sales made by the Group on the basis of historical trend, past experience and discount policies.

Defined benefit plans

The cost of the defined benefit plan and other post-employment benefits and the present value of such obligation are determined using actuarial valuations. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future, salary increases, mortality rates and future pension increases. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Useful lives of depreciable property, plant and equipment and intangible assets

Management reviews the useful lives of depreciable/amortisable assets at each reporting date.

As at March 31, 2025 management assessed that the useful lives represent the expected utility of the assets to the Group.

Recoverability of advances/receivables

At each balance sheet date, management assess recoverability of advances/receivables based on ageing and credit risk to determine the adequacy of allowances for doubtful receivables / advances.

2.25. Applicability of New and Revised Ind AS

Ministry of Corporate Affairs ("MCA") notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Group w.e.f April 1, 2024. The Group has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

- ii) The Company has used a practical expedient for the purpose of computing lifetime expected credit loss allowance ("ECL") for trade receivables which is based on historical credit loss experience and adjustments for forward looking information. The Company follows "simplified approach for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its recognition.

The movement in allowance for lifetime expected credit loss on customer balances is as follows:

Particulars	As at March 31, 2025	As at March 31, 2024

*The Company invests its surplus funds into debt mutual funds and debentures. In compliance with Ind AS-12 "Income taxes", the Company had recorded deferred tax liability on debt mutual fund and deferred tax asset on debentures as per applicable law (taking cognisance of the Indexation benefit) on fair value gains on these investments. The Finance (No.2) Act, 2024 withdrew the indexation benefit on long term capital gains on debt mutual funds and debentures which were purchased prior to April 1, 2023 and tax rate applicable on the said assets was changed from 20% plus surcharge and cess (with indexation) to 12.5% plus surcharge and cess (without indexation).

Deferred tax liabilities have been remeasured at the prescribed rate on account of withdrawal of the indexation benefit and change in the tax rate, which has resulted in increase in deferred tax liabilities and corresponding deferred tax expense by Rs. 327 Lakhs, which has been recognised in the audited financial statements for the year ended March 31, 2025. The actual payment of tax would be made at the time of redemption of this asset class. The cash outflow tax could be different at the time of redemption depending on the actual gain and prevailing tax regulations.

37 Employee Benefits

i) Defined Contribution Plan

The Company's contribution to Provident Fund for the year ended March 31, 2025 Rs. 549 Lakhs (for the year ended March 31, 2024: Rs. 484 Lakhs) has been recognised in the Statement of Profit and Loss under the head employee benefits expense.

ii) Defined Benefit Plan

Gratuity

- The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. Employees who are in continuous service for a period of 5 years are eligible for gratuity. The amount of gratuity payable on retirement/termination is the employees last drawn basic salary per month computed proportionately for 15 days salary multiplied for the number of years of service. Gratuity plan is a funded plan and the Company makes contributions of funds to Life Insurance Corporation of India and Kotak Life Insurance.
- This plan typically exposes the Company to actuarial risks such as: interest rate risk, Salary Escalation risk, Demographic risk and Investment risk.

Interest rate risk:

The plan exposes the Company to the risk of fall in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.

Salary Escalation risk:

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. As such, an increase in the salary of the plan participants will increase the plan's liability

Demographic risk:

The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

Investment risk:

This may arise from volatility in asset values due to market fluctuations and impairment of assets due to credit losses. LIC of India primarily invests in debt instruments such as Government securities and highly rated corporate bonds wherein the risk of downward fluctuation in value is minimal.

c) Significant Actuarial Assumptions

The significant actuarial assumptions used for the purpose of the actuarial valuation were as follows:

Particulars	As at March 31, 2025	As at March 31, 2024
Discount rate	6.62%	7.09%
Expected rate of salary increase	9.00%	9.00%
Expected return on plan assets	6.62%	7.09%
Mortality table used	IALM (2012-14) Ultimate	IALM (2012-14) Ultimate
Employee Turnover/ Withdrawal Rate	8.00%	8.00%
Retirement age	62 years	62 years

The discount rate is determined by reference to market yields at the balance sheet date on Govt. bonds. The term of the risk free investments has to be consistent with the estimated term of benefit obligations.

The estimates of future salary increase considered, takes into account the inflation, seniority, promotions and other relevant factors, such as supply and demand in the employment market.

d) The following tables sets out the status of the defined benefit scheme in respect of gratuity and amount recognised in the financial statements:

I. Components of Net Benefit Expense

Particulars	For the year ended March 31, 2025	For the year ended March 31, 2024

V. Sensitivity Analysis - Impact on defined benefit obligation

	For the year ended March 31, 2025	For the year ended March 31, 2024
1. Discount Rate + 50 basis points	(79)	(79)
2. Discount Rate - 50 basis points	84	84
3. Salary Escalation Rate + 50 basis points	70	69
4. Salary Escalation Rate - 50 basis points	(69)	(67)

The sensitivity analysis presented above may not be representative of the actual changes in the defined benefit obligations as it is unlikely that the change in assumptions would occur in isolation of one another as some of the assumption may be correlated.

There was no change in the methods and assumptions used in preparing the sensitivity analysis from prior years.

The sensitivity analysis above have been determined based on reasonably possible changes of the respective assumption occurring at the end of the reporting period, while holding all other assumptions constant.

Level 1: Quoted prices in the active market. This level of hierarchy includes financial assets that are measured by reference to quoted prices in the active market. This category consists of debt based open ended mutual funds, investment in debentures and bonds and investment in alternate investment fund.

Level 2: Valuation techniques with observable inputs. This level of hierarchy includes items measured using inputs other than quoted prices included within Level 1 that are observable for such items, either directly or indirectly. This level of hierarchy consists of debt based close ended mutual fund investments.

Level 3: Valuation techniques with unobservable inputs. This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable inputs). Fair value determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data. The main item in this category are unquoted equity instruments.

The Fair value of mutual funds, bonds and debentures is based on the net asset value (NAV) as stated by the Asset management Company (AMC) as at the Balance sheet date.

c) Financial risk management

The Company's principal financial liabilities comprise borrowings, lease liabilities, trade payables and other financial liabilities. The main purpose of these financial liabilities is to finance the Company's operations and to support its operations. The Company's financial assets include Investment, trade receivables, cash and cash equivalents, Other bank balances and Other financial assets that derive directly from its operations.

The Company is exposed to market risk, credit risk and liquidity risk. The Company's senior management oversees the management of these risks. The Company's senior management is supported by a risk management committee that advises on financial risks and the appropriate financial risk governance

framework for the Company. This risk management committee provides assurance to the Company's senior management that the Company's financial risk activities are governed by appropriate policies and procedure and that financial risks are identified, measured and managed in accordance with the Company's policies and risk objectives. The Board of Directors reviews and agrees policies for managing each risk, which are summarised as below:

(i) Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: foreign currency risk, interest rate risk, price risk.

Foreign currency risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US Dollar and JPY. Foreign exchange risk arises from recognised assets and liabilities denominated in a currency that is not the functional currency of the Company. Considering the low volume of foreign currency transactions, the Company's exposure to foreign currency risk is limited and hence the Company does not use any derivative instruments to manage its exposure. Also, the Company does not use forward contracts and swaps for speculative purposes.

Foreign currency risk exposure

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of year expressed in INR Lakhs are as follows:

	As at March 31, 2025		As at March 31, 2024	
	USD	JPY	USD	JPY
Trade payables	7,08,941	-	-	-

Foreign currency sensitivity

The following table details the Company's sensitivity to a 5% increase and decrease in the Rs. against the relevant foreign currencies. The sensitivity analysis includes only outstanding foreign currency denominated monetary items as tabulated above and adjusts their translation at the period end for a 5% change in foreign currency rates. The sensitivity analysis includes external loans. A positive number below indicates an increase in profit or equity and vice-versa.

	For the year ended March 31, 2025		For the year ended March 31, 2024	
	Rs. strengthens by 5%	Rs. weakening by 5%	Rs. strengthens by 5%	Rs. weakening by 5%

USD impact	(35,447)	35,447	-	-
JPY impact #	-	-	-	-

Previous year amount is less than Rs 1 Lakh, accordingly appearing as Nil.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's debt obligations with floating interest rates. The Company carries borrowings primarily at variable rate.

	As at March 31, 2025	As at March 31, 2024
Variable rate borrowings	28,693	21,699
Total borrowings	28,693	21,699

Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates on that portion of borrowings affected. With all other variable held constant, the Company's profit before tax is affected through the impact on floating rate borrowings, as follows:

	Impact on profit or loss for the year ended	
	March 31, 2025	March 31, 2024
Decrease by 50 bps	143	108
Increase by 50 bps	(143)	(108)

Price risk

The Company's exposure to price risk arises from investments in mutual funds, bonds and debentures held by the Company and measured at fair value. To manage its price risk arising from investments, the Company diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Company.

Price sensitivity

Particulars	For the year ended March 31, 2025		For the year ended March 31, 2024	
	Increase in NAV by 5%	Decrease in NAV by 5%	Increase in NAV by 5%	Decrease in NAV by 5%

Investments in mutual funds	633	(633)	574	(574)
Impact on Other comprehensive income for the year				
Investments in bonds / debentures	157	(157)	157	(157)

(ii) Credit risk

Credit risk arises from the possibility that the counter party may not be able to settle their obligations. To manage trade receivable, the Company periodically assesses the financial reliability of customers, taking into account the financial conditions, economic trends, analysis of historical bad debts and aging of such receivables.

Financial instruments that are subject to such risk, principally consist of investments, trade receivables and loans and advances. None of the financial instruments of the Company results in material concentration of credit risks.

Financial assets for which loss allowance is measured:

Particulars	As at March 31, 2025	As at March 31, 2024
Trade receivables	318	581

(iii) Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses. The Company's objective is to, at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company closely monitors its liquidity position and deploys a robust cash management system. It maintains adequate sources of financing including debt and overdraft from domestic banks at an optimised cost. It also enjoys strong access to domestic capital markets across equity.

Maturities of financial liabilities

The table below analyses the Company's all non-derivative financial liabilities into relevant maturity based on their contractual maturities.

The amounts disclosed in the table are the contractual undiscounted cash flows.

The proposed final dividend is subject to approval of the members at the ensuing Annual General Meeting. The amount of such dividend proposed is in accordance with section 123 of Companies Act, 2013.

41 Capital management

The Company's capital management objectives are to ensure the Company's ability to continue as a going concern as well as to provide an adequate return to shareholders by pricing products and services commensurates with the level of risk. The capital structure of the Company consists of net debt (borrowings net of cash and cash equivalents) and total equity of the Company.

The management of the Company reviews the capital structure of the Company on regular basis. As part of this review, the Board monitors capital using capital gearing ratio, which is net debt divided by total capital plus net debt.

Capital and net debt (c) [(a) + (b)]	1,08,550	1,00,359
Gearing ratio [(a) / (c)]	23%	21%

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements.

Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches in the financial covenants of any interest-bearing loans and borrowings in the current and previous year. No changes were made in the objectives, policies or processes for managing capital during the years ended March 31, 2025 and March 31, 2024.

- 47 As per the requirements of proviso to Rule 3(1) of the Companies (Accounts) Rules, 2024, accounting software used by the Company should have a feature of recording audit trail of each and every transaction. The Group has assessed all of its IT application that are relevant for maintaining books of account and has used two accounting software for maintaining its books of account for the year ended March 31, 2025.

With respect to one accounting software, audit (edit log) feature of capturing logs for transactions processed through transaction codes (user interface) was enabled and which operated throughout the period upto March 31, 2025 for all relevant transactions recorded in the software. However, this accounting software did not have the audit trail feature enabled for direct changes to certain tables made by users with privilege access at application level. Further, with respect to database maintained by third party service provider, the independent auditor's report does not cover whether the audit trail was enabled/operated, as per the requirements of the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014.

With respect to another accounting software, audit (edit log) feature was not enabled during the year at application level. Further, with respect to database maintained by third party service provider, the independent auditor's report does not cover whether the audit trail was enabled/operated, as per the requirements of the proviso to Rule 3(1) of the Companies (Accounts) Rules, 2014.
